Perfil

I am a person willing to learn new things every day, responsible and very passionate about programming.

Experiencia

Front-End Developer   feb 2021 - jun 2021

BarberOo, Benito Juarez Cancún

- My main function is the constant maintenance and update of the Front-End with React.js, Redux, Rect-Native and Expo.

- The first stage of styles of user and provider applications was carried out, as well as an administrative website.

- I was in charge of carrying out 2 modules, payments and an order map.

Front-End Developer   jun 2021 - presente

AppMosphera, Benito Juarez Cancun - México

- My main function is the constant maintenance and update of the Front-End withe Rect-Native and Expo.
